

28.06.25

	09:30
	Workshop 1: Community-based knowledges of volcanic disaster risk. What benefit for communities, and how do we measure influence on response?
	Workshop 2: Early Career Workshop: Empowered and embodied Leadership: A Journey to Inclusive and Conscious Leadership
	Workshop 3 (part one): Using Satellite Data for Volcano Monitoring
	Workshop 16: EPOS Workshop: Volcanological Services

29.06.25

	09:30	16:00
	Workshop 3 (part two): Using Satellite Data for Volcano Monitoring	Opening ceremony and Icebreaker
	Workshop 5: Volcanic plume benchmarking exercise: Integrating field, observations, numerical simulations, and analogue experiments	
	Workshop 6: Grain size analysis of volcanic ash: Methods intercomparison and best practices	
	Workshop 17: Indigenous volcanology communities	

30.06.25

	Time slots	8:30-10:00	Coffee break	10:30-11:30	11:40-12:40	12:40-13:10	Lunch Break	14:15-15:15	Coffee break	15:45-16:30	16:30-18:30
1	Production of magma and assembly of volcanic plumbing systems	ORAL SESSIONS		ORAL SESSIONS	ECR 1 & SENIOR 1			ORAL SESSIONS		ORAL SESSIONS	POSTER SESSION
2	Pre and syn-eruptive monitoring										
3	Volcanic processes										
4	Minerals for the energy transition										
5	Geothermal systems and carbon storage										
6	Hazard, Risk and Impact										
7	Communication in Volcanology										
8	The future of volcanology										

01.07.25

	Time slots	8:30-10:00	Coffee break	10:30-11:30	11:40-12:40	12:40-13:10	Lunch Break	14:15-15:15	Coffee break	15:45-16:30	16:30-18:30
1	Production of magma and assembly of volcanic plumbing systems	ORAL SESSIONS		ORAL SESSIONS	ECR 2 & SENIOR 2			ORAL SESSIONS		ORAL SESSIONS	POSTER SESSION
2	Pre and syn-eruptive monitoring										
3	Volcanic processes										
4	Minerals for the energy transition										
5	Geothermal systems and carbon storage										
6	Hazard, Risk and Impact										
7	Communication in Volcanology										
8	The future of volcanology										

02.07.25

	08:30	13:00-17:30	18:00 - 20:00
	Workshop 7: The U.S. Geological Survey's National Volcano Early Warning System (NVEWS) – An Update and Invitation for Feedback	MID CONFERENCE FIELDTRIP TO CERN (fully booked)	IAVCEI Meeting of Members (including awards ceremony)
	Workshop 8: Towards Inclusive Collaboration: Reflections and discussion on engagement in global volcanology		
	Workshop 9: Hands-on with the Volcanology Infrastructure for Computational Resources and Tools (VICTOR)		
	Workshop 10: Volcanic ash: strengthening the connection between operational response and research		
	Workshop 18: Inverse modelling of deformation data		

03.07.25

	Time slots	8:30-10:00	Coffee break	10:30-11:30	11:40-12:40	12:40-13:10	Lunch Break	14:15-15:15	Coffee break	15:45-16:30	16:30-18:30	19:00
1	Production of magma and assembly of volcanic plumbing systems	ORAL SESSIONS		ORAL SESSIONS	ECR 3 & SENIOR 3			ORAL SESSIONS		ORAL SESSIONS	POSTER SESSION	Workshop 11: Challenges and opportunities for women scientists in volcanology
2	Pre and syn-eruptive monitoring											
3	Volcanic processes											
4	Minerals for the energy transition											
5	Geothermal systems and carbon storage											
6	Hazard, Risk and Impact											
7	Communication in Volcanology											
8	The future of volcanology											

04.07.25

	Time slots	8:30-10:00	Coffee break	10:30-11:30	11:40-12:40	12:40-13:10	Lunch Break	14:15-15:15	Coffee break	15:45-16:30	16:30-18:30	19:30
1	Production of magma and assembly of volcanic plumbing systems	ORAL SESSIONS		ORAL SESSIONS	ECR 4 & SENIOR 4			ORAL SESSIONS		ORAL SESSIONS	POSTER SESSION	CLOSING CEREMONY AND FINAL PARTY
2	Pre and syn-eruptive monitoring											
3	Volcanic processes											
4	Minerals for the energy transition											
5	Geothermal systems and carbon storage											
6	Hazard, Risk and Impact											
7	Communication in Volcanology											
8	The future of volcanology											

05.07.25

	09:30
	Workshop 4: Content creation and online engagement in the world of volcanology CANCELLED
	Workshop 12: Advances in Field Collection of Tephra Data CANCELLED
	Workshop 13: Collaborative Technology Development in Volcanology
	Workshop 14: Introduction to stable phase equilibrium modelling for magmatic system using MAGEMin.
